EDUCATIONAL VISITS UK DAYS OUT LONDON AUTUMN 2022

Welcome Contents

Welcome to the latest Educational Visits digital magazine bringing you news and updates on what is happening for schools and families in your region during Autumn. No sooner has the Autumn term begun, the new intake settled, then we start thinking about the October Half Term, Halloween, and Bonfire night. It is another additional expense for families at a particularly difficult time, so we have some suggestions to help keep the cost down that you can either do in class or pass on to your parents.

Why not encourage your children to cut out decorations to display which is more fun than buying lots of expensive stuff that then gets thrown out, and best of all your decorations can be recycled. Another idea is to organise a spooky hunt or have a pumpkin carving competition. Pop down to your local pumpkin farm or garden centre to pick up some pumpkins at a bargain price. These are just some ideas to entertain children at an affordable price although we have included a ‘What’s On’ section in the magazine with plenty of ideas of things to do and places to visit for hard-pressed parents too.

As well as Autumn events, we have included advance notice of Christmas events that are available to book for those wanting to plan early. We hope that this magazine gives you and your family inspiration of exciting things to do and places to visit on your doorstep. If you are able, please support your local businesses to help them get back on track and feel free to tell friends and colleagues about this publication so that they too are aware of exactly what is happening in your area. We hope you have a fantastic time this Autumn.

COP27 - Together For Our Planet

Sharm El-Sheikh in Egypt is hosting the 27th Conference of the Parties, known as COP27, from Sunday November 6th – Friday November 18th 2022. With delegates from all over the world expected to attend, COP27 is designed to produce an international response to the climate emergency. The UK hosted the COP26 UN climate conference last November in Glasgow and we think that now, more than ever, is a vital time to be talking about this all-important issue and as well as discussing global issues, teachers may also wish to promote discussion with students of what is happening near you.

The UN Secretary General Antonio Guterres has urged all world leaders to attend COP27 as the best way to show “they are in this fight and in it together”. Hopefully, this will be the case. We would love to hear from you and how your school is helping the environment so please send us information that we can post on social media as the more schools that join in the debate the better.
