Welcome to the latest Educational Visits digital magazine bringing you news and updates on what is happening for schools and families in your region during Spring.

Spring will soon be upon us and we hope that this magazine gives you and your family some inspiration of exciting things to do and places to visit on your doorstep. It should also give some inside information on where to find the Easter Bunny! As well as Easter, there are also some great events taking place over the May Half Term holidays and of course, in celebration of the Queen's Platinum Jubilee in early June. Remember to book ahead to avoid disappointment and if you are able, please support your local businesses to help them get back on track. Please feel free to tell friends and colleagues about this publication so that they too are aware of exactly what is happening in your area. We hope you have a fantastic time this Spring.

FREE nature-connection schools programme at Wildfowl and Wetlands Trust

Photos Courtesy of Wildfowl and Wetlands Trust

WWT have recently launched their Generation Wild programme, which will connect 45,000 children and their families with nature. It includes FREE school visits (including FREE transport), FREE visits for families and a specially designed website to encourage continued nature-connection activity at school, at home and in local greenspaces.

Children and their families will find themselves transported by a magical narrative as they meet Ava, a part-bird, part-human creature in a giant nest. Can they help her to find her family, fulfil her destiny and unlock some of nature's wildest secrets along the way?

The programme is now open to schools in disadvantaged areas, with places offered on a first-come-first-served basis. Eligibility criteria (based on % of pupils eligible for free school meals) vary across centres so please visit the Generation Wild website to find your nearest centre and see if your school qualifies.

See www.generationwild.org.uk
