WORLD EMOJI DAY

17 JULY

Emoji is a word that originally meant “pictograph” or “icon” and World Emoji Day is a fun way to start a serious conversation with your students about communication. Emojis are the new shorthand, crossing language barriers and have become a useful tool to be able to send abbreviated messages making communications fun and alive.

The history of emojis in their current form can be traced back to the 1990s when Japanese mobile phone operator DoCoMo put a heart inscription on a cheap pager which was an instance success with teenagers. When they introduced an updated pager, they omitted the heart inscription which led to a huge outcry from their customers, many left and joined another pager company who had adopted the heart inscription. In 1999, DoCoMo realised that they were onto something and employed a team to develop 176 pixelated characters to describe the weather, feelings and general day to day images and objects.

By 2007 the Unicode Consortium, a Silicon Valley non-profit organisation, began to standardize emojis so that they would appear the same on all platforms, regardless of what type of phone, computer or website was being used. By 2011, Apple introduced them onto their iPhones and today, 30 years on from their early beginnings, a staggering 5 billion emojis are sent every day on Facebook alone.

Whether you love or hate emojis in professional communications, there’s no doubt they’re becoming more common in the workplace too and as George Orwell once said, “Never use a long word where a short one will do.”

VISIT OUR WEBSITE www.educationalvisitsuk.com

Discover an array of museums and places to visits, together with the latest information on our website www.educationalvisitsuk.com.

Updated throughout the year with blogs, educational workshops as well as events and new listings, the www.educationalvisitsuk.com website brings together everything to make planning your next educational adventure effortless. We have combined the website with School Trips UK, our sister site, that offers bespoke school trips, this will make it easier for you to choose whether you want to book and organise your school trip yourself or decide to use our services and let us take the strain of organising and planning your next adventure!

Listings for over 200 attractions and accommodation from all over England and Wales that we think are perfect for school trips or education groups. You will also find more information about each attraction including the key stages/ages catered for and subjects as well as the facilities they have including accessibility.

Direct links to each advertiser's website for ease of booking or making an enquiry.

TripAdvisor ratings for each attraction so you can see what other teachers think before you book.

An active events page which lets you know special events and exhibitions that are going on – check back regularly so as not to miss a thing!

A compelling blog, written by our team with contributions from our advertisers ensures that our articles have the latest news to continually inspire you throughout the year.

Summer Science Exhibition

6-10 July
The Royal Society
6 – 9 Carlton House Terrace, London SW1Y 5AG
<https://royalsociety.org/science-events-and-lectures/summer-science-exhibition/>

Do you know what makes chocolate taste unique, or how llamas are helping us fight viruses? Join us at the Summer Science Exhibition to explore the science behind these questions and more. The Royal Society's annual Summer Science Exhibition returns to central London this summer, offering a free, interactive experience for anyone curious about the latest technological and scientific advances.

Get hands-on with berry-powered solar cells, find out how you could join the hunt for unknown species in your back garden, or meet the scientists designing remote-healing technology. Open to everyone from Wednesday 6 July to Sunday 10 July, the free exhibition is aimed at all ages and interests.

Visit during the week to meet the school children who will be the researchers of the future at the Young Researcher Zone or explore the exhibition during the weekend with special workshops for all ages and interests as well as a dedicated children's area, child-friendly menu, and buggy parking available. Don't miss our family workshops on Saturday and Sunday which will feature a dedicated kids' zone and activities for all ages like building your own mask to explore how animals use their whiskers to sense or discovering the hidden wildlife of St. James's Park.

If you are not able to come to London for the event, visit our YouTube channel for our digital content from previous years, available on demand and you can still experience the buzz of the live exhibition on the Saturday 9 with demonstrations and interviews streamed directly from the exhibit floor.

Virtual Learning

Coming Zoom to a classroom near you

Online learning and virtual workshops are a great way for schools to access flexible, personalised learning experiences, especially if they are unable physically visit. Here is a list of some of the country's finest museums and attractions offering ways of learning that can mean reduced costs for schools and repeated access to course materials.

Aerospace Bristol – have a vast array of fun and educational activities & resources to enjoy at home or in the classroom. From making Gliders to learning about the science behind rockets, this is the site to visit. Our particular favourite is making your own Airshow!
<https://aerospacebristol.org/at-home-with-aerospace-bristol>

Barnsley Museums – enjoy a 360 degree tour of the fabulous Experience Barnsley and Can-non Hall Museums.
<https://www.barnsley-museums.com/digital/virtual-exhibitions>

Beamish – The Living Museum – bring classroom learning to life through remote and onsite, immersive experiences for KS1-5.
<https://www.beamish.org.uk/learning/learning-activities/>

Cornish Seal Sanctuary – offer Virtual Workshops tailored to individual Key Stage groups and designed to teach students about environmental issues, habitats and species in a fun way.
<https://sealsanctuary.sealifetrust.org/en/visiting-us/virtual-workshops/>

Jewish Museum – offer award-winning workshops through distance learning. Workshops are based on a guided exploration experience of the unique collection of authentic objects enabling students to have awareness of what it means to be Jewish in Britain today.
<https://jewishmuseum.org.uk/virtual-classrooms/>

Leeds Museums and Galleries – providing online Exhibitions including the Open Minds Exhibition, Podcasts and a vast array of online learning resources and online activities for kids.
<https://museumsandgalleries.leeds.gov.uk/virtual-visit/>

Life Science Centre – the #LifeGoesONline programme is full of educational activities and fun demonstrations to try at home including Birthday themed challenges, scavenger hunts and science at home fun.
<https://www.life.org.uk/life-goes-online>

Malton Museum – deliver amazing outreach Roman Legacy sessions at schools and provide the ever popular Museum in a box resource to help you create your own class/school museum.
<https://www.maltonmuseum.co.uk/school-groups/>

National Coal Mining Museum for England – can provide 1 hour live workshops for schools including Meet a Miner, Victorian Miner and Rocks and Fossils virtual sessions.
<https://www.ncm.org.uk/learning-hub/>

National History Museum – free until July, the Natural History Museum can be brought into the classroom with live virtual workshops and streamed shows. Workshops run for 45-60 minutes and are particularly suited to KS2 pupils. Topics currently include volcanoes, earthquakes and virtual evolution.
<https://www.nhm.ac.uk/schools/virtual-workshops.html>

National Memorial Arboretum – give access to a multitude of materials available for free to use from home. Also have fantastic online KS2 and KS3 Activity Worksheets. Subjects available include 'Women at work in World War 1' and 'Children in the second world war'.
<https://www.thenma.org.uk/visit-us/plan-your-visit/visiting-for-learning-and-training/learning-from-home>

Observatory Science Centre and Planetarium – the award winning outside the classroom provider, has with everything from wordsearches to the fantastic Night Sky Objects and Seen from Space sections.
<https://www.the-observatory.org/science-at-home>

Scarborough Museums – take virtual tours of Scarborough Art Gallery and the Rotunda Museums.
<https://www.scarboroughmuseumstrust.com/arts-award-at-home/>

Royal Armouries Museum – have a plethora of Learning resources and offer a bookable live digital outreach service for schools that are unable to visit.
<https://royalarmouries.org/learning/?where=LearningResources>

Shakespeare's Globe Theatre – the Education team have workshops, storytelling sessions, CPD and projects that can be delivered for schools online. Full length productions can also be streamed.
<https://www.shakespearesglobe.com/learn/>

Stratford Butterfly Farm – providing downloadable resources to help support learning from home/within schools on the Lifecycle of a Butterfly/Ancient Maya Rainforest Civilisation.
<https://www.butterflyfarm.co.uk/attraction/schools-and-groups>

Thackray Museum of Medicine – offer fully interactive and engaging virtual workshops to bring excitement and fun to the classroom through the wonders of technology. Available from early years through to Sixth Form and College.
<https://thackraymuseum.co.uk/learn/>

Tower of London – have a large selection of resources to use in the classroom covering topics like the Tower itself, Walter Raleigh, Elizabeth I, the Stuarts, the Tudors and many more.
<https://www.hrp.org.uk/schools/learning-resources/>

Winchester Science Centre and Planetarium – are now bringing Science to the Classroom with the Ultimate STEM School Takeout. The focus is certainly on learning through fun with workshops and demonstrations designed to spark curiosity in STEM. From Stargazing Guides to Curiosity Challenges, there is something for kids of all ages.
